Disappearing Fountains

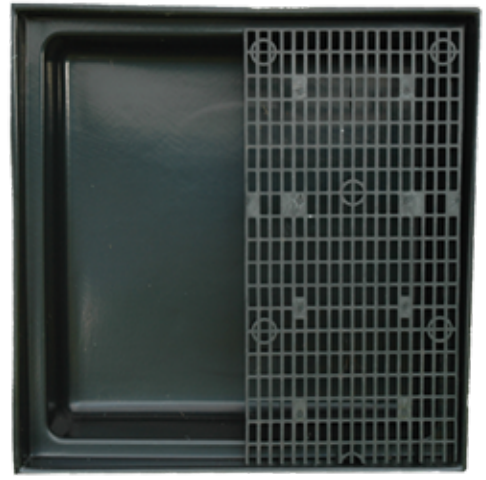

Disappearing Fountains Reservoirs come in 3 easy-to-install sizes. Larger Reservoirs are recommended because they hold more water and allow for larger pumps with a higher flow rate. Larger Reservoirs also give you room for additional pots, statuary, etc. in your Disappearing Fountain. The possibilities are endless.

Available in 3 Sizes

All reservoirs include the Reinforced Plastic Grating and 1/4" Plastic Mesh

INVITATION

PH Garden is the most innovative company of its type on the market today. Closely following trends, leading designer Kevin Xu and his team continue to create a wide range of useful and beautiful products specifically designed for U.S. and Canadian markets.

Sad to say, over the years we've seen our designs copied by companies that turn out products of a lower quality. As a result, we have decided to protect our interests by moving our permanent showrooms into limited, temporary exhibits.

We cordially invite you to attend one of our private shows at either our Hayward or Atlanta locations. As a VIP customer, you will have first-hand access to our complete inventory, including our newest designs and colors.

By partnering and working together, we can help you establish the market in your region and grow our brands together.

Please join us.
